

We have noticed that many of you have been using different addresses for the BIDR. Please use the following, which are in accordance with the postal code directory for Israel.

The complete address of the BIDR is

Your name

Department Name

The Jacob Blaustein Institute for Desert Research

Ben-Gurion University of the Negev

Sede Boqer Campus

84990 Midreshet Ben-Gurion

Israel

Please note that the postal code, 84990, pertains to the township, Midreshet Ben-Gurion; that is its official name as it appears on maps. In addition, the postal code should always be placed to the left of the name of the town, not to the left or right of "Israel".

The fastest (and least problematic) way to have mail delivered it is to send it to the truncated address:

Your Name

The Jacob Blaustein Institute for Desert Research

84990 Midreshet Ben-Gurion

Israel

For abstracts and publications, please use **the full and correct official** address. In case the journal requires a truncated address, I suggest that you leave out your department name and/or " Sede Boqer Campus".
