INTERNATIONAL SYMPOSIUM ON
ONE HEALTH

OCTOBER 15-16, 2025 | KUMARAGURU CAMPUS

**"A Global Dialogue on Health, Environment,
and Society leading to Sustainable Solutions"**

Organized by

Department of Biotechnology,
Department of Civil Engineering,
Kumaraguru College of Technology (KCT)

Kumaraguru School of Innovation
Kumaraguru Institute of Agriculture (KIA)
Kumaraguru College of Liberal Arts & Science (KCLAS)

About Kumaraguru

Kumaraguru Institutions (KI), founded by Padma Bhushan Arutchelvar Dr. N. Mahalingam, embody four decades of academic excellence across engineering, technology, management, agriculture, liberal arts, and science. A multi-campus educational hub spread across 292 acres in 3 campuses, KI includes Kumaraguru College of Technology (1984), KCT Business School (2005), Kumaraguru Institute of Agriculture (2014) and Kumaraguru College of Liberal Arts and Science (2018). With NAAC A++, QS I-Gauge Diamond, ACBSP accreditation, and CII Innovation Awards, Kumaraguru Institutions exemplify academic excellence. Student Research forums like Ré, iQube, Garage, and centres including KC.IRI and KC.AIR fuel innovation across domains. KARE and Microcosm highlight KI's focus on sustainability, and community engagement. Kumaraguru continues to shape generations of students paving way for a transformative education journey.

About The International One Health Symposium

One Health is a holistic approach that recognizes the deep interconnection between the health of humans, animals, plants, and their shared environment. In India, with its dense population, intensive agriculture, and close human-animal interactions, this approach is especially crucial.

The country's diverse ecosystems and complex human-animal interfaces heighten risks of zoonotic diseases like Nipah and avian influenza. Coupled with challenges such as air pollution, antimicrobial resistance, and climate-related health impacts, a collaborative, cross-sectoral strategy is essential.

This International Symposium serves as a dynamic platform for students, researchers, professionals, and policymakers to connect, share knowledge, and explore innovative, interdisciplinary solutions that advance the One Health mission.

Our Knowledge Partners

KMCH
Research Foundation

Ben-Gurion University
of the Negev

בית הספר לחקלאות ושיטות אקולוגיות
ע"ש מרדכי גולדמן
אוניברסיטת בן-גוריון
The Goldman School of Sustainability and Climate Change
Ben-Gurion University of the Negev

Symposium Themes

- Zoonoses and Livestock Management
- Food and Agricultural Systems
- Public Healthcare Systems
- Water, Sanitation and Waste Management
- Indian Knowledge Systems in One Health

Open to

Undergraduate and Postgraduate students from disciplines such as Biology, Zoology, Botany, Biotechnology, Life Sciences, Nutrition, Health Economics, Health Management, Veterinary Sciences, Plant Sciences, Agricultural Sciences, Medical and Clinical Sciences, Nursing, Environmental Science, Waste and Water Management

Early Career Researchers (Ph.D. scholars, JRFs) and Academicians from the above domains

Healthcare Professionals including Physicians, Veterinarians, and Epidemiologists

Policy Makers such as Government Officials, Agricultural Officers, & Extension Workers

Representatives from International Organizations - WHO, FAO, OIE, & other NGOs

Industry Professionals from the Pharmaceutical, Agricultural, and Food Safety sectors

Speakers & Panelists

Dr. Nidhish Bhardwaj

Senior Consultant, Ernst and Young , Formerly with Confederation of Indian Industry (CII) as One Health Programme Manager

Prof. Dr. Dorit Nitzan,

Head, School of Public Health &
Director, Masters Program in Emergency Medicine &
Chair, Food Systems, One Health and Resilience
Ben Gurion University of the Negev, Israel

Prof. Dr. Raman Muthusamy

Dean, School of Public Health Sciences and Technology,
Malla Reddy Vishwavidyapeeth, Hyderabad, India

Dr. Jeyan Arthur Moses

National Institute of Food Technology, Entrepreneurship and
Management, Thanjavur, India.

Prof. Dr. Punniyamurthy N

Retired head, Ethno-Veterinary Herbal Training and Research Centre
Tamil Nadu Veterinary and Animal Sciences University (TANUVAS), India

Dr. Velmurugan G

Chemomicrobiomics Laboratory, KMCH Research Foundation, India

Dr. Nagendra Prasad G

Senior Research Consultant, World Pranic Healing Foundation
India Research Center, Mysuru, India.

Prof. Dr Ariel Kushmaro

Full Professor, Department of Biotechnology Engineering Member,
School of Sustainability and Climate Change,
Ben Gurion University of the Negev, Israel

Dr. Manish Paul

Founder, Microvioma, India

Symposium Highlights

- Expert-led panel discussions on various dimensions of One Health
- One Health Innovation workshops
- Poster presentations
- Networking sessions
- Focus group discussions based on emerging problem statements

Registration Charges*

Category	Early-bird registration (till August 31st, 2025) in INR	Regular registration (till September 30th, 2025) in INR
Students	500	750
PhD scholars	1250	1500
Academics, Post-docs, Scientists	2500	3000
Industry persons	3500	4000

* For the entire programme duration and excluding accommodation

Registration & Payment Form
